
TEST WEEK EXTRA CURRICULAR ACTIVITY

Effective Date: September 1, 1989

Responsibility: VP Student Services

Amends Policy dated:

Policy Number:

Scope: Students

Test Week Extra Curricular Activity

To approve the Test Week Extra Curricular Activity Policy as follows:

Recognize the need students have for additional study time just prior to and during examination week, and recognizing the desire of most students to become involved in extra curricular activities, it is recommended that all CUC/PAA organizations, departments, and affiliated industries refrain from planning extra curricular activities during this period. (It is understood that this does not include the regularly scheduled Saturday evening programs, as indicated in the official *Calendar of Events*).
