SUMMER EMPLOYMENT AND SCHOLARSHIP OPPORTUNITY

CALTCA

Canadian Adventist Long Term Care Association

The Seventh-day Adventist Church is actively serving seniors in various communities across Canada through our six Long Term Care Homes. Now, many years after the first home was established in 1964, these Adventist health care organizations confidently serve their respective communities offering warmth, compassion, professional nursing, healthy meals and personal care.

Our committed leadership engages church members and others in the community with opportunities to be involved in a caring ministry, as modeled by Christ. Over the years, many Adventists have served as employees and volunteers. Family members play an important role in supporting their loved ones, plus many individuals and groups share music, religious programs, pet therapy, visitation, games and more, bringing friendship and joy to our residents.

Would you as a Student at Burman University be interested to learn that a career in Adventist Health Care is possible, right here in Canada? Our Care Homes are looking for committed Adventists who can work and lead in: Nursing, Administration & Finance, Dietary & Kitchen, Social Work, Therapeutic Recreation, Music & Art Therapy, Chaplaincy, plus Facilities & Grounds.

Our respective Care Homes will be offering paid summer employment opportunities in 2024! Burman University Students are encouraged to apply and join us in Caring for our Community. It will be a rewarding experience, regardless of your future career plans. Details later in February.

CALTCA is pleased to share that we are sponsoring a new Scholarship for Burman University Students worth \$2,000 – please check it out and consider submitting your application!
