"Special Teachers for Special Needs"
How can we help students with diverse needs?

All Education students who attend with cameras on between 6 pm and 7 pm will receive a letter of participation signed by the Educators Guild President. This is valuable for your digital portfolio!

Here are a few of the questions that will be covered:

- How do I prepare for teaching students who may require additional support?
- What are some specific special needs seen often in classrooms?
- What are some tips and tricks in lesson planning material modifications?
- How do we deal with students with behavioral needs who aren't coded.
