Students: It pays to do your taxes!

Heading back to school? Make sure tax literacy is on your course calendar! Understanding taxes will help you make smart decisions about your finances – how to put money in your pocket and help you save for a holiday, a car, or a house of your own.

Money in your pocket

If you are 19 years or older, you may be eligible to receive a [GST/HST credit payment](#) four times a year to help with your expenses, even if you do not earn any income.

Have a child under 18? The [Canada child benefit](#) helps with the cost of raising your family.

Improve your tax literacy

Maximize your deductions and claims

There were over 2.4 million claims for tuition, education and textbook expenses in the 2023 tax year. This includes both claims made by students and claims transferred to other qualified individuals. Did you claim what you're entitled to? If not,

16+ and taking post-secondary courses? You can claim [tuition credit](#) to reduce what you owe or you could carry it forward.

You can also transfer an amount to your parent, grandparent or spouse, which in turn can reduce their taxes. It's a win-win!

Moved for school? You may be able to claim [moving expenses](#) if your new home is at least 40 km closer to school.

[Paid interest on student loans](#)? You might claim that too, or you could carry it forward and claim it later.
